Description of Presentation	Presenter Name(s) And Credentials
<p>Workplace laws have long dealt with physical risks, and psychological risks have begun to be treated similarly. In response to the changing workplace, many countries are regulating workplace bullying and harassment by introducing new legislation or incorporating new provisions into existing legislation to address these risks. Other countries have opted for non-regulatory instruments. Numerous European countries, Canada, Australia, and Japan all prohibit and punish workplace bullying and harassment, with other countries, including the United States of America, moving toward legislation against this abusive workplace conduct. This presentation would be based on my book <i>Workplace Bullying and Harassment: New Developments in International Law</i> (Routledge April 2017) in which I researched laws and developments around the world.</p>	<p>Ellen Pinkos Cobb, Author <i>Workplace Bullying and Harassment New Developments in International Law</i> <i>The Isosceles Group</i></p>
